

REMARKS

Claims 13 and 16 have been cancelled as non-elected claims. Claims 24-29 have been added. Thus, claims 1, 3, 5, 7-12, 17, 19, and 23-29 are currently pending in the application. In view of the following remarks, Applicants respectfully request forwarding of the application on to issuance.

Restriction Requirement

In response to the Restriction Requirement, Applicants elect Group I without traverse. Therefore, Group II claims 13 and 16 have been cancelled from the current application. The Applicants reserve the right to pursue the subject matter of claims 13 and 16 in a divisional application.

Claims 24-29

Claim 24 has been added as an additional claim drawn to a reconfigurable control structure. Thus, claim 24 belongs in Group I. This claim is allowable over both Bauer and Kucukcakar for reasons that will be apparent in view of the remarks in the Amendment filed on June 9, 2006.

Claims 25-29 depend from claim 24 and, as such, are allowable as depending from an allowable base claim. These claims are also allowable for their own recited features which, in combination with those recited in claim 24, are neither shown nor suggested by the references as cited and applied by the Office in the March 10 Office action.

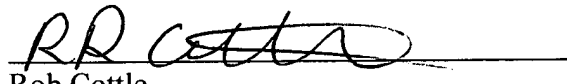

Conclusion

Applicants respectfully submit that all pending claims are in condition for allowance. Accordingly, Applicants request that a Notice of Allowance be issued. If the Office's next anticipated action is to be anything other than a Notice of Allowance, Applicants request that the undersigned be contacted for scheduling a telephone interview.

The Director is authorized to charge any additional fees due by way of this Amendment, or credit any overpayment, to our Deposit Account No. 19-1090.

Respectfully submitted,

SEED Intellectual Property Law Group PLLC
